Just B4 Preschool

The **Just B4** Preschool Early Learning Program is specifically designed for 4-year old's who will be entering Kindergarten in the following September. The curriculum focuses on both the 'First Peoples Principles of Learning' and the 'Early Learning Framework', while incorporating Outdoor Learning. The program will be 2 or 3 days per week, 2.5 hours per day.

First Peoples Principles of Learning

- Learning is holistic, reflexive, reflective, experiential, and relational (focused on connectedness, reciprocal relationships, and a sense of place).
- Learning involves recognizing the consequences of one's actions.
- Learning involves generational roles and responsibilities.
- Learning recognizes the role of Indigenous knowledge.
- Learning is embedded in memory, history, and story.
- Learning involves patience and time.
- Learning requires exploration of one's identity.
- Learning involves recognizing that some knowledge is sacred and only shared with permission and/or in certain situations.

First Nations Education Steering Committee, 2012.

Early Learning Framework Principles

- Families have the most important role in contributing to children's well-being and learning.
- Educators are researchers and collaborators.
- Early Years spaces are inclusive.
- People build connection and reconnection to land, culture, community and place.
- Environments are integral to well-being and learning.
- Play is integral to well-being and learning.
- Relationships are the context for well-being and learning.
- Learning is holistic.

We will ensure that your child is given opportunity to participate in a program that supports the whole child with a focus on play and nature.

Opportunity and Innovation

The Abbotsford School District entered the world of 'Early Childhood' in 2000, when Abbotsford was chosen as a pilot site for the 'Understanding the Early Years Project' and 'the Early Development Instrument'. We were one of the original sites in the province for both initiatives.

We have built a strong leadership team to ensure that we achieve our strategic goals and successfully carry out the work of the Early Years, which will now include "Around School Care".

Our team includes the Assistant Superintendent, District Principal of Early Learning, Manager of Community Partnerships, School Administrations Teams, Educational Assistants and Strong Start Facilitators.

The Abbotsford School District is a respected member of the Early Years community and currently offers the following services and programs:

- 13 Strong Starts
- 6 Early years Community Drop-In programs at local schools
- 3 Early years Community Navigators
- Community Drop-In program to serve our indigenous population
- Numerous parenting evenings
- Manager of Community Partnerships and Early Learning to support our families and community partners

We are excited to offer “Just B4” as an addition to our portfolio.

Keep this handbook as an easy reference during your child’s participation at the centre.

Philosophy

Our childcare providers acknowledge that the child is part of a family unit. Focusing solely on supporting the child without considering the place of the child within the family excludes the most important aspect of the child’s life. It is from within the family that the child’s moral, emotional and cultural development occurs. Key elements that we feel are crucial to this process include:

- Family members and childcare providers can talk openly about any issues of concern.
- Child Care providers feel confident to be able to refer families on to support services.
- Programs for children are flexible and responsive.
- Time is set aside for discussion by childcare providers about the ability of the service to meet the needs of vulnerable families.
- Information is provided about support available to families in the local community.

Our Centre will focus on the five elements of a family friendly childcare centre. These include:

- Positive relationships between childcare providers and children.
- Meaningful interactions between childcare providers and parents.
- Quality relationships between staff and families.
- Responsiveness to family needs.
- Communication between staff and families.

Criminal Record Safeguards

Our staff, substitutes and volunteers complete and renew the Criminal Record Check process prior to starting at the Just B4 Preschool Programs in accordance with the Child Care Licensing Regulations.

More information can be found at:

[Child Care Fee Reduction Initiative - Province of British Columbia \(gov.bc.ca\)](http://gov.bc.ca)

Parents are also encouraged to apply for the Affordable Child Care Benefit

More information can be found at:

[Affordable Child Care Benefit - Province of British Columbia \(gov.bc.ca\)](http://gov.bc.ca)

Registration and Attendance

Registration packages must be completed by a parent/legal guardian. We require a current photo of your child as per licensing requirements for identification purposes. We will take a digital photo at the centre to ensure it is current. Please sign the attached release form for your child to allow us to take their photo.

Age Criteria

The Just B4 Early Learning Program is specifically designed for 4-year old's who will be entering Kindergarten in the following September.

Arrival

All parents are required to sign in their child(ren) upon arrival. The Abbotsford School District is not legally responsible for a child without an adult signing them in. Sharing information with our staff that may impact your child's reactions to others in the morning helps us to understand and assist them with managing their emotions. E.g., a bad night's sleep, a family disagreement etc.

Be sure that a staff member is aware that you have arrived.

Departure

- Parents are required to sign out their child(ren) when picking up. Ensure that a staff member is aware that you are leaving with your child.
- If your child will be picked up by someone other than yourself, **you must notify the centre ahead of time.**
- If you have not notified the centre ahead of time about a pick-up change for a day, your child will not be released if permission has not been given by the parent/guardian.
- Staff are required to ask for photo ID if they do not know the pick-up person.
- Children will not be released to ANYONE who appears to be intoxicated, we will first call the other parent or emergency contact. In the event that the parent or guardian leaves with a child while under the influence of drugs or alcohol we will notify the police immediately. We will also file an incident report with Fraser Health.
- The JustB4 Preschool morning program closes at 11:00am SHARP and the afternoon program closes at 2:30pm SHARP. If your child has not been picked up by 11:15am for the morning program or 2:45pm for the afternoon program, we will phone your home, cell phone or your place of employment. If we still can't get a hold of anyone, we will phone the emergency contact who is listed in your child's file.
- Children will not be sent home in taxis, allowed to walk home alone, or be released to anyone under the age of 19 years of age. For liability reasons, staff is not permitted to drive children in their personal vehicles.
- If being late is a recurring issue you may be asked to withdraw your child from the program.

Absences

Please notify us if there is any change in the scheduled attendance for your child.

Custody and Access

It is the responsibility of the enrolling parent to provide a copy of a relevant Court Order or Separation Agreement or pertinent other custody information that may deny or “legally restrict” access by the child’s other parent or another family member.

Without a copy of a court documentation on file, the Abbotsford School District staff has no right to deny one parent access over the other. If this situation arises, the staff will notify the enrolling parent.

It is the responsibility of the enrolling parent to inform centre staff immediately, in writing, of any changes to the original submitted documents and to provide a copy of any amended court orders.

Nutrition

N.B. It is vital that parents inform the centre if your child has food allergies. A list of children with allergies and the severity will be posted, visible to all staff.

Healthy nutritional food choices support your child’s ability to sustain needed energy throughout their busy day. Parents are asked to send in foods that are ready to eat and that your child can manage with little adult assistance. Staff will not heat, cook, or do food preparation for a child.

- Food will not be warmed in the microwave for safety and nutritional reasons.
- Staff will encourage your child to eat what you have prepared for them.
- In case of emergency, staff will access snacks from the school pantry program.

Medical Information

While we are sensitive to the stress that illness may cause families, we are not licensed to care for children when they are ill. You will need to keep your child at home, or make alternate arrangements, if your child:

- Has a communicable disease.
- Has a contagious infection, including pink eye.
- Has a fever over 38 degrees Celsius.
- Is vomiting or has diarrhea.
- Has a skin infection or an undiagnosed rash.
- Is not able to participate in all program activities including outdoor play.

Please notify the school if your child has a communicable disease so that other families and the Community Health Department can be notified. If your child becomes ill during the program, we will attempt to contact you. If you are unavailable, we will try to reach your emergency contact. We will provide a quiet, resting area and close staff supervision until you, or one of your emergency contacts, can pick up your child.

If the situation becomes urgent, we will follow the emergency procedures outlined.

If First Aid treatment is required

The Just B4 Preschool Program staff are qualified in First Aid and will:

- Provide First Aid treatment.
- Acknowledge the child's feelings.
- Provide close supervision to ensure that the child does not require further First Aid or medical attention.
- Complete an Incident Report and process.
- Inform the family when they come to pick up the child.

If Emergency medical attention is required

The Program supervisor or manager will:

- Call and request an ambulance.
- Contact family and/ or emergency contact.
- Ensure other children attending the Just B4 Preschool Program have qualified care.
- Accompany the child to the emergency facility, if possible.
- Provide information to the doctor and family.
- Support the child and family.
- Complete Incident Report and process.

Administering Medication

If you require the Just B4 Preschool Program to administer prescription medication to your child, the Child Care Licensing Regulation requires that we have certain information and follow certain procedures. We require that the medication be provided in its original container, with your child's name and dosage information, and a Medical Consent form be completed with instructions on administering the medication. All medication will be stored in a locked container.

Clothing And Possessions

As the children participate in a variety of indoor and outdoor play activities each day, it is helpful if your child wears washable, comfortable clothing that is appropriate for the weather. **PLEASE LABEL EVERYTHING.**

For rainy days: boots and rain gear, change of clothes

In the winter: mitts, hat and warm outdoor clothes, extra layers

In the spring: hat, extra layers

In the summer: hat and sunscreen, water shoes

Please refer to AP327 for further School District policies on medical conditions attached at the end of this document.

Screen Time

Children will not be allowed to use computers, smartphones, or tablets while in our care.

Behavior Agreement (BA)

Our Behavior Agreement provides a framework for creating a safe and respectful environment in which the children are assisted in helping to understand the consequences of their actions when the Social Agreement guidelines are not followed. The agreement will be implemented when repeated unacceptable behavior is displayed with the intention to assist the child in making better choices or if safety concerns arise with the same child.

Unacceptable behaviors that would be addressed through the Behavior Agreement:

- Deliberate physical aggression or verbal disrespect directed at a child or adult.
- Deliberate disobedience or defiance towards a staff member's request.
- Deliberate damage to the facility and/or equipment.
- Leaving the program without permission.
- Taking part in an unsafe act or endangering others.

If a child is showing any behaviors indicated above, our Behavior Agreement policy will be:

- Verbal Warning: Staff will speak with the child about our Social Agreement and what the next step will be if the behavior is repeated.
- The parent will be informed about the incident and what their child's role was in it. If the Centre Manager decides to implement the BA form, they will review it with the child and the parent at pick-up time. The parent will be asked to sign the form each time an incident is documented.
- The signed copy will be kept in your child's file.

Missing/Wandering Child

In the event a child wanders away from the group or chooses to walk away from the program, the following procedures will be followed:

1. A search of the area to locate the child will be implemented.
2. If unsuccessful a 911 call will be made to the police.
3. Parents will be informed after the call to the police is placed.
4. The administration office will also be contacted to provide assistance with the search.
5. Once child has been located all parties involved will be contacted.
6. An Incident Report to be filed with Licensing within 24 hours

Suspected Child Abuse

1. If we have a reason to suspect abuse of a child outside the license care facility it will be reported to the Ministry of Children and Family Development, and the Fraser Health Authority. It is our legal responsibility to report suspicions/disclosures to the appropriate parties, not to determine if abuse has occurred. It is our primary concern for the health, safety, and well-being of the child.
2. If we have reason to suspect abuse of a child within the care facility involving a staff member or a volunteer, this will be reported to the parents, the School District, Community Care Facilities Licensing Officer and to The Ministry of Children and Family Development MCFD under this within 24 hours.

We will refer to School District Policies Duty to Report attached at the end of the document.

Keeping You Informed

If you have any concerns or questions regarding your child or the program, please speak with our staff.

We will inform you of any concerns that we may have regarding your child while at our centre.

It is imperative to keep our managers informed of any changes in the home environment that may impact your child's sense of well-being. This includes parental separation, illness in the family, moving or a similar situation.

Addressing Concerns or Issues

- Discuss your concern with the Centre Manager or Supervisor in a discreet manner, away from the children or other adults.
- If the matter has not been resolved to your satisfaction at this level, you may choose to contact the administration office to speak with the Program Coordinator or the School Principal

Emergency Procedures

Monthly fire drills and earthquake drills will be held. In the case of a long-term power failure, extreme weather conditions or a fire, parents will be notified as soon as possible. Our alternate location of where to pick up your child in the case of a natural disaster is as follows:

Dormick Park's Emergency Location: Best West Hotel, 32110 Marshall Road, Phone: 604-853-3111

All children registered in the program are required to have an emergency kit. A form will be sent home with the required items to be included. The form releasing the centre to take a digital photo of your child MUST be signed (**See form AP324 attached at the end of this document**) and an out of area (province) emergency contact number included to act as a liaison between childcare provider, child and parent. The kits will be kept at school in an accessible location.

Snow Closures

In severe weather conditions the decision to close a school is made by the school district superintendent. This information will be provided to media outlets by 6 am.

In the event of district school closures due to weather conditions, emergencies, utility disruption (heat, hydro etc.), our programs will also be closed.

Announcements will be posted on our website (www.abbyschools.ca) and social media accounts.

- The following local radio stations/media sources will be provided with the closure information: Abbotsford News, STAR 98.3 FM, Country 107.1 FM, News 1130, Global and City TV.
If schools are open during extreme weather, our staff will attempt to arrive at the centre in a timely manner for the morning session. However, employee's ability to arrive on time can be affected during adverse weather. Please call the centre prior to leaving your home to ensure staff has arrived.
- Should a decision be made during the school day to close schools by the school district, our staff will contact parents to request pick-up of their child as soon as possible. It is important to ensure that you have a secondary person that is available to step in if you are not able to do so in a timely manner.
- No refunds or credits will be issued for these closure days.

Unanticipated Closure of a Program

In the event of a disruption of services (hydro, water, heat etc.) during program operating hours, the procedure we follow is:

We will wait for one hour for the disruption to be repaired, at the same time attempting to get an update from the service provider. After one hour of no service, we are required by Fraser Health licensing to notify parents to pick-up your child as soon as possible.

School District Job Action

In the event of school district job action disputes or disruption, this program will be closed until there is a resolution. In the event of a school closure due to weather including freezing rain, hydro shortage, and or school district staff disputes we will also remain closed. Please check the school district web site www.sd.34.bc.ca for closure information. Refunds or credits will not be issued for any closure days.

If you have any questions regarding our program or the Administration Procedures attached, please feel free to email us at andrea.senft@abbyschools.ca

Parent Handbook Addendum: Pandemic Health & Safety Plan

Date: _____

Child's Name: _____

Centre: _____

An **epidemic** is the rapid spread of a disease to a large number of people in a given population within a short period of time.

A **pandemic** is an epidemic occurring on a scale that crosses international boundaries, is widespread and infectious while affecting a large number of people.

Health and Wellness Measures

The Abbotsford School District is planning its epidemic or pandemic disease outbreak response under the guidelines of Fraser Health Authority, and the Ministry of Health. Our Health and Safety policy (Parent Handbook - section 7) continues to be applicable during a pandemic or communicable disease outbreak. Any temporary changes to our health and safety policy during a pandemic/outbreak will be communicated via email, our website and social media and will link to the authorized source of information that our temporary change is based on.

As a licensed childcare centre, we are required to follow all directives given to us by the above legal authorities, including a mandatory order to close our centres for public health reasons. Their decision overrules any decision to stay open that any childcare centre may wish to make.

In the case of an outbreak, the Abbotsford School District will follow the guidelines outlined in our Pandemic Health and Safety Plan manual. The manual is a working document and is posted at each centre and can be accessed through our website at www.abbyschools.ca. Notice of all closures will be posted on our website, social media and Facebook page.

Our School District plan is to emphasize the most important goal in our centres – **Prevention.**

Prevention Planning Includes:

- Follow through of the COVID-19 protocols for all staff, children and family members who are displaying respiratory illness symptoms; they will not attend any Abbotsford School District site.
- Program sizes will be lowered to keep the possibility of exposure low.
- Physical distancing will be encouraged as best as we can with the children and limiting close contact with others. “Keeping hands to self” will be taught.
- Children will not bring toys, equipment from home.
- Children need to bring their own water bottles and can be filled from a faucet.
- Regular hand-washing protocols and cough/sneeze etiquette for all students and staff.

- Increased sanitizing on high-touch surfaces and a set schedule for routine cleaning.
- Children will be outside as much as possible; when inside exit doors and windows will be open.
- Children who appear to have any flu-like illness on arrival or become ill during the day will promptly be sent home and must be separated from the other children until picked-up.
- When possible, the sick person should wear a surgical mask when near other children and staff.
- Any food provided by our program will be served directly to the children by a staff member.
- Cancelling of field trips to prevent exposure to the children.
- Adults will not be allowed in the building. Parents who need to meet directly with one of our managers must make an appointment by phone, email or text. The meeting will be held outdoors.
- Following any recommendations received by the Fraser Health Authority.

Staffing / Ratios

Child to staff ratios as per the provincial childcare licensing regulations is required during operations, regardless of a pandemic or communicable disease outbreak. If there is a shortage of staff available to work or are being asked to self-isolate, then the required staff to child ratio may not be able to be met. In this case, the Abbotsford School District may be required to reduce our operating hours, or rotate days of space availability, or perhaps close a centre temporarily. This decision would be made by the Executive Director, with guidance from the Ministry of Education. Any alterations to operating times/days will be communicated to parents via our website, social media, and email to the best of our ability prior to the changes being made.

Fees During a Pandemic / Communicable Disease Closure

If the Abbotsford School District is instructed by Fraser Health or the Ministry of Health to close due to a communicable disease or pandemic outbreak, fees that have been paid for days closed will be credited for the upcoming month.

Individual Exclusions

If an individual has been recommended by the Ministry of Health to quarantine due to international travel or linked to a potential exposure or is showing individual symptoms; the Abbotsford School District will require all family members, including other children to comply with this recommendation. Please share this information with your Centre Manager asap. If this occurs, we will also contact Fraser Health with this information, and it will also be shared directly with the other families. These exclusions will apply equally to all children, families, and employees.

Our Respect Policy

Respect will be shown to all staff, children, families, and community members. During trying times, fear-based interactions/responses can lead to comments and actions possibly stemming from bias and racism. These actions can lead to conflict between parents, educators, and community members. The Abbotsford School District has an inclusive, respect-based philosophy (Parent Handbook – section 4.5) and works to

provide a safe space for all staff, families, and children. Inappropriate outbursts or disrespectful language will not be tolerated. Any such acts will result in a warning and/or possible immediate dismissal from the program depending on the severity of the incident.

I have read and understand the Abbotsford School District's Parent Handbook addendum – Pandemic Health and Safety Plan as presented in the above document.
